Bones & All: A Novel Camille DeAngelis

2015 Alex Award Recipient!

Maren Yearly is a young woman who wants the same things we all do. She wants to be someone people admire and respect. She wants to be loved. But her secret, shameful needs have forced her into exile. She hates herself for the *bad* thing she does, for what it's done to her family and her sense of identity; for how it dictates her place in the world and how people see her--how they judge her. She didn't choose to be this way.

Because Maren Yearly doesn't just break hearts, she devours them. Ever since her mother found Penny Wilson's eardrum in her mouth when Maren was just two years old, she knew life would never be normal for either of them. Love may come in many shapes and sizes, but for Maren, it always ends the same--with her hiding the evidence and her mother packing up the car.

But when her mother abandons her the day after her sixteenth birthday, Maren goes looking for the father she has never known, and finds much more than she bargained for along the way.

Faced with a world of fellow eaters, potential enemies, and the prospect of love, Maren realizes she isn't only looking for her father, she's looking for herself.

Camille DeAngelis' *Bones & All* is an astonishingly original coming-of-age tale that is at once a gorgeously written horror story as well as a mesmerizing meditation on female power and sexuality.

Katherine Belcher:

As we know that book is essential thing to add our know-how for everything. By a publication we can know everything we really wish for. A book is a group of written, printed, illustrated or perhaps blank sheet. Every year was exactly added. This publication Bones & All: A Novel was filled in relation to science. Spend your extra time to add your knowledge about your research competence. Some people has various feel when they reading a book. If you know how big good thing about a book, you can sense enjoy to read a guide. In the modern era like currently, many ways to get book that you wanted.

Susan Hare:

As a pupil exactly feel bored in order to reading. If their teacher asked them to go to the library in order to make summary for some e-book, they are complained. Just little students that has reading's heart or real their hobby. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that reading through is not important, boring and can't see colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Bones & All: A Novel can make you really feel more interested to read.
