The Audible Life Stream: Ancient Secret of Dying While Living Alistair Conwell

The Audible Life Stream, or Primordial Sound Current, is the all-pervasive universal consciousness within everyone. Few realise there is credible evidence indicating that Jesus, Buddha, Krishna, and so on, all perfected the meditative technique of turning their attention inwards, thereby merging with the Audible Life Stream, to become adepts of dying while living. The Audible Life Stream: Ancient Secret of Dying While Living is the first book to provide convincing evidence of the Audible Life Stream and emphasise the importance of it to every human being, since none of us can escape the clutches of the Lord of Death. This unique book provides evidence of the Audible Life Stream from a variety of sources, including, independent testimonials of near-death experiences and out-of-body experiences from people in USA, UK and Australia; excerpts from major religious texts; simply explained quantum physics principles; and independent anecdotes from the increasingly popular field of sound/music therapy.
