Danielle Steel

Destinos errantes (Spanish Edition) Danielle Steel

Una novela de gran alcance. Danielle Steel se supera a sí misma creando un inolvidable cuento sobre las vidas de hombres y mujeres atrapados en las mareas del drama personal y de los acontecimientos históricos.

A los ojos de los demás, Audrey Driscoll es una solterona que parece estar destinada a pasar sus días cuidando de su abuelo y de su mimada hermana. Sin embargo, su espíritu aventurero y comprometido con una realidad desalentadora -son los años de la depresión en Estados Unidos- la insta a huir de una sociedad que la oprime.

Escindida entre los dictados de su conciencia y los de su corazón Audrey decide ser dueña de su destino y realizar su sueño: emprenderá un viaje por Europa, donde conocerá a su alma gemela, Charles Parker-Scott. Juntos, iniciarán un periplo que les conducirá a la fascinante China, al norte de África y a la Alemania de preguerra.
