Learning Stencyl 3.x Game Development: Beginner's Guide Innes Borkwood

A step-by-step, practical tutorial with a no-nonsense approach. The book starts by showing readers how to create a playable game that is fully-functioning, then moves on to demonstrate how to fine-tune the game with eye-catching graphics techniques, audio-effects and more. This book is for indie and existing game developers and those who want to get started with game development using Stencyl. Some understanding of Objective-C, C++, and game development basics is recommended. People with some programming experience may also find this book useful.
