The I'm So Bored Doodle Notebook Susan McBride

The teacher is droning, the students are moaning, and every minute seems like an hour. And next comes the tedium of study hall. *Yawn!* There's only one thing for a kid to do: grab this entertaining follow-up to last season's *Don't-Get-Caught Doodle Notebook*, an absolute lifesaver for the child drowning in dullness. On the surface it looks exactly like an ordinary red marble composition book. But inside it's totally subversive, with oodles of doodles to complete, amusing multiple-choice questions to answer, and comic caricatures lampooning the "bored of education" and adults in general. And if the teacher should come around to see? Easy--just turn to the fake class notes in the middle of the book and no one will be the wiser!
A Selection of the Children's Book of the Month Club.
