Equine Osteopathy: What the Horses have told me D.V.M., Dominique Giniaux

“This book comes as true information on the existence of an alternative way to experience and conceive medicine, whether animal or human. It is a real testimony of a distinctive quality of the relationship between practitioner and patient, and its authenticity is not its lesser merit.” -Jean Josse, Osteopath DO, MRO A central premise in equine osteopathy is the pathological effect of vertebral lesions (subluxations) upon the functioning of the nervous system. Osteopathy concerns itself with the whole structure: the vertebrae and all of the other joints, muscles, ligaments, and fascia. Osteopathy holds that if the structure is blocked in one of its components, health will be jeopardized, since the flux of energy which pervades the organism will be impaired. It is therefore, a “manual” medicine, where the healer (physician, veterinarian) “listens” to his/her patient by palpation. Hence the subtitle of this book: What the Horses Have Told Me. Xenophon Press has expanded this volume from it

John Moreno:

As a university student exactly feel bored for you to reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the professor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring and can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Equine Osteopathy: What the Horses have told me can make you feel more interested to read.
