### **new poems** Tadeusz Rozewicz

Written in a pared-down, direct language, and filled with allusions to everything from philosophy to TV talk shows, the poetry of Tadeusz Różewicz encompasses the complexity of human experience in the early 21st century. Różewicz's unique voice, formed during his experiences as a member of the Polish resistance in World War II, and honed by decades living under communist rule, holds a merciless mirror up to the crimes and excesses of the poet's lifetime. In his eighties now, Różewicz continues to be a prolific writer and an acerbic commentator on his life and times. This collection combines his latest three volumes: professor's knife, gray zone, and exit. These are extraordinary poems from an acknowledged European master.
