The Theology of B. B. Warfield (Foreword by Sinclair B. Ferguson): A Systematic Summary Fred G. Zaspel

Benjamin Breckinridge Warfield (1851–1921) was undoubtedly one of the greatest Reformed theologians in the history of America. As professor of didactic and polemic theology at Princeton University, he wrote extensively in defense of fundamental Christian doctrines. While his writing touched on the full spectrum of theological topics, it was spread over hundreds of periodicals, books, and pamphlets, and a significant portion has never been published in an accessible form. Warfield stands as a dominant figure on the theological landscape, but few have a comprehensive grasp of his theology, largely because of the difficulty of tracing his ideas through numerous sources.

Fred G. Zaspel has spent many years studying Warfield's published and unpublished writing, and presents here a concise and coherent systematic theology per B. B. Warfield. For the first time ever, readers can, in one volume, access the content of this great theologian's academic, sermonic, and devotional works. Scholars, pastors, and students will profit from the unique combination of comprehensive detail and devotional warmth in this systematic theology.
