Breaking Point (Article 5 Book 2) Kristen Simmons

Kristen Simmons' fast-paced, gripping YA dystopian series continues in *Breaking Point*.

After faking their deaths to escape from prison in *Article 5*, Ember Miller and Chase Jennings have only one goal: to lay low until the Federal Bureau of Reformation forgets they ever existed.

Near-celebrities now for the increasingly sensationalized tales of their struggles with the government, Ember and Chase are recognized and taken in by the Resistance—an underground organization working to systematically take down the government. At headquarters, all eyes are on the sniper, an anonymous assassin taking out FBR soldiers one by one. Rumors are flying about the sniper's true identity, and Ember and Chase welcome the diversion....

Until the government posts its most-wanted list, and their number one suspect is Ember herself.

Orders are *shoot to kill*, and soldiers are cleared to fire on suspicion alone. Suddenly Ember can't even step onto the street without fear of being recognized, and "laying low" is a joke. Even members of the Resistance are starting to look at her sideways.

With Chase urging her to run, Ember must decide: Go into hiding...or fight back?
