Rights Enabled: The Disability Revolution, from the US, to Germany and Japan, to the United Nations

Katharina C. Heyer

Drawing on extensive fieldwork and a variety of original sources, Katharina Heyer examines three case studies—Germany, Japan, and the United Nations—to trace the evolution of a disability rights model from its origins in the U.S. through its adaptations in other democracies to its current formulation in international law. She demonstrates that, although notions of disability, equality, and rights are reinterpreted and contested within various political contexts, ultimately the result may be a more robust and substantive understanding of equality.

Rights Enabled is a truly interdisciplinary work, combining sociolegal literature on rights and legal mobilization with a deep cultural and sociopolitical analysis of the concept of disability developed in Disability Studies. Heyer raises important issues for scholarship on comparative rights, the global reach of social movements, and the uses and limitations of rights-based activism.

From reader reviews:

Earl Goodman:

Reading a reserve tends to be new life style on this era globalization. With reading through you can get a lot of information that will give you benefit in your life. With book everyone in this world can easily share their idea. Publications can also inspire a lot of people. Lots of author can inspire their reader with their story or perhaps their experience. Not only situation that share in the books. But also they write about the ability about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors these days always try to improve their expertise in writing, they also doing some study before they write on their book. One of them is this Rights Enabled: The Disability Revolution, from the US, to Germany and Japan, to the United Nations.

Rose Warfield:

People live in this new day of lifestyle always try to and must have the extra time or they will get wide range of stress from both way of life and work. So , once we ask do people have time, we will say absolutely sure. People is human not just a robot. Then we consult again, what kind of activity do you have when the spare time coming to an individual of course your answer can unlimited right. Then ever try this one, reading guides. It can be your alternative inside spending your spare time, the actual book you have read is Rights Enabled: The Disability Revolution, from the US, to Germany and Japan, to the United Nations.

Michael Walsh:

Many people spending their time period by playing outside with friends, fun activity together with family or just watching TV all day every day. You can have new activity to invest your whole day by looking at a book. Ugh, do you consider reading a book can actually hard because you have to bring the book everywhere? It all right you can have the e-book, having everywhere you want in your Smartphone. Like Rights Enabled: The Disability Revolution, from the US, to Germany and Japan, to the United Nations which is keeping the e-book version. So , try out this book? Let's observe.

Jamie Wallace:

Reading a reserve make you to get more knowledge from it. You can take knowledge and information coming from a book. Book is prepared or printed or illustrated from each source that filled update of news. On this modern era like today, many ways to get information are available for you actually. From media social such as newspaper, magazines, science guide, encyclopedia, reference book, book and comic. You can add your knowledge by that book. Isn't it time to spend your spare time to spread out your book? Or just seeking the Rights Enabled: The Disability Revolution, from the US, to Germany and Japan, to the United Nations when you needed it?
