Twenty Thousand Leagues Under The Sea [with Biographical Introduction] Jules Verne

One of the greatest underwater sea adventures of all time, "Twenty Thousand Leagues Under the Sea" is the story of Professor Pierre Aronnax who sets off aboard an American frigate to investigate a series of attacks, which has been reported to be made by an amphibious monster. The monster in question is actually the submarine vessel the Nautilus, which is commanded by the eccentric Captain Nemo. When the Nautilus destroys the Professor's ship, he is taken prisoner by Captain Nemo along with his trusted servant Conseil and the frigate's harpooner Ned Land. What follows for the three is a tale of great adventure and scientific wonder that will delight readers both young and old.
