## **The Question of Providence** Charles M. Wood

The traditional doctrine of providence has fallen on hard times. Although still invoked on special occasions, the doctrine of God's providence has long since ceased to operate as a guiding principal for many--if not most--Christians. In this clear and engaging book, Charles Wood seeks to renew reflection on the doctrine of providence by reexamining features of the classical doctrine and reorienting the doctrine in a way that coheres with the gospel and offers a fresh vision of God's work in the world.
