## Vocal Communication in Birds and Mammals: 40 (Advances in the Study of Behavior)

*Advances in the Study of Behavior* was initiated over 40 years ago to serve the increasing number of scientists engaged in the study of animal behavior. That number is still expanding. This thematic volume, *Vocal Communication in Birds and Mammals*, makes another important "contribution to the development of the field" by presenting theoretical ideas and research to those studying animal behavior and to their colleagues in neighboring fields.
