Wartime Shanghai Wen-hsin Yeh

Wartime Shanghai is a lively account of the political and social situation between 1937 and 1946. It explores the deep political rivalries between Nationalist groups, the intrigue of international espionage and how Shanghai society, from European administrators to Chinese film makers, collaborated with, or resisted, the Japanese occupation.

Drawing on archival and published sources in English, French, Chinese and Japanese, the authors show the diversity of groups and communities that made up wartime Shanghai. This book is an engaging collection of essays written on an exciting, but often neglected episode of Chinese history.
