Orthodox and Modern: Studies in the Theology of Karl Barth

Bruce L. McCormack

Orthodox and Modern: Studies in the Theology of Karl Barth Bruce L. McCormack

In this enlightening study, Bruce McCormack reconsiders the importance of Karl Barth's theology. McCormack begins with Barth's relation to nineteenth-century theologians and then turns to critique the works of contemporary authors within postmodern circles who have attempted to reinterpret Barth to fit their categories. The later sections of McCormack's study probe more deeply into Barth's theology and consider European perspectives. As the title affirms, McCormack suggests that Barth was, in fact, both orthodox and modern in his theology. McCormack has established a reputation as a thoughtful scholar, and his study of Barth will certainly find a broad audience in academic circles. But serious readers and clergy will also find it a helpful guide to Barth's theology and his continuing importance.
