Blush Sensuality Level: This is a sensual romance (may have explicit love scenes, but not erotic in frequency or type).

Delphine Brown knows what it takes to survive on the rough agricultural planet of Sayre. She helps with her family's recycling business, prospects for minerals in the Outlands and keeps clear of corrupt officials.

When a handsome security officer recruits her for a secret mission, she's suspicious. But it's his allure that worries her the most—Lazlo Casta makes her feel things she finds hard to ignore. Things that involve getting up close and far more personal than a simple salvage operation.

Lazlo wants to impress his boss and prove to himself he can handle a clandestine assignment. After meeting Del, he's certain she's the woman for the job. He vows to keep their interactions professional, even though his thoughts often stray to sharing activities that involve horizontal surfaces.

Retrieving the weapons brings risk and unexpected danger. Can Lazlo must protect Del while they explore the chemistry sparking between them?

*A Blush® futuristic sci-fi romance from Ellora's Cave*
