In this book, there are three hundred different tactics to increase conversions, generate more leads, and maximize ROI. The key is to find the most profitable tasks and start with those. The advice outlined should be organized into an annual marketing calendar. A marketing calendar is an organized schedule of when you need to create and promote the marketing throughout the year. This way, you can proactively set up the success of your e-commerce website.

The book starts off with general advice about driving traffic to your website. Then, it details how to better understand your target customer. Creating personas and your customer avatar will help you determine how and where you should be marketing your products.

Next, I dive into specific areas of an e-commerce website. Each section has specific tips to maximize the effectiveness. I recommend trying as many of the tips as possible. Not all the advice will work exactly as I have outlined it. You need to test and experiment to determine the right approach for you.
