Trabajo y capital, pilares de la sociedad: Claves para una Economía Social de Mercado (Spanish Edition) Antonio Fernández Benayas

Por la carga humana que les anima o puede animarlos, el Trabajo y el Capital son bastante más que simples mercancías. Aun dando parte de razón a Marx cuando, a mediados del siglo XIX, dijo aquello de los obreros cambian su mercancía, la fuerza de trabajo, por la mercancía del capitalista, el dinero, y este cambio se realiza guardándose el capitalista el dinero con que compró determinadas horas de uso de la fuerza de trabajo, bien podemos admitir que el Trabajo, en sí, es la proyección de parte de uno mismo hacia el bien de la Sociedad mientras que el Capital, en su genuina esencia, representa la posibilidad de que ese bien social se haga efectivo y duradero, máxime si Trabajo y Capital cumplen sus respectivas funciones en una Economía Social de Mercado.

Brenda Wright:

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library or to make summary for some guide, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the educator want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that looking at is not important, boring and can't see colorful images on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country.

Therefore , this Trabajo y capital, pilares de la sociedad: Claves para una Economía Social de Mercado (Spanish Edition) can make you truly feel more interested to read.
