Angelus: Poems Jeanne Shannon

Many of the poems in this experimental collection offer soft explosions of images, wordcollages, mixing colors and sounds, emotions and ideas. Others are more straightforward and accessible narratives. There are tributes to impressionist artists and to musicians and music, natural descriptions and landscapes, as well as autobiographical moments. Some of the poems are concrete, presenting visual images on the page. The poems are for the most part sensual, although many are given to ideas, including an entire section devoted to the Canonical Hours.
