Codice Vegan: Corpo - mente - coscienza - spirito (Italian Edition) Franco Libero Manco

I temi centrali sono l'etica universale, l'animalismo, il vegetarianismo, la pace, la non violenza, senza limitarsi all'analisi dei fatti, ma indicando la strada per il superamento dei problemi fondamentali che precludono la realizzazione di una società più giusta e solidale, consapevole delle proprie potenzialità e artefice del suo stesso destino.

Nel presente volume la raccolta dei principali temi trattati dall'autore negli ultimi anni, riguardanti gli aspetti fondamentali della filosofia universalista, considerata come l'unico futuro possibile dell'umanità protesa verso il raggiungimento di una nuova civiltà mediante il rinnovamento della propria coscienza. La strada da percorrere è quella del superamento della visione antropocentrica, l'ampliamento dei codici del diritto alla libertà e alla vita dall'uomo agli animali senzienti, la valorizzazione delle diversità, il senso critico costruttivo, la cultura delle

cause. La conoscenza dei meccanismi che governano la biochimica, l'importanza del giusto stile di vita e la corretta alimentazione, intesa come strumento per il raggiungimento dell'equilibrio tra corpo, mente, coscienza e spirito, che consentirà all'individuo la realizzazione di se stesso e di un mondo finalmente libero dall'ingiustizia, dalla violenza, dall'ignoranza e dal dolore.
