Finally one-stop shopping for everything you need for your introductory majors course!

Up to date with MyPlate, Healthy People 2020 and Dietary Guidelines for Americans 2010, *Perspectives in Nutrition: A Functional Approach* is an alternate version of *Perspectives in Nutrition*, 9/e. Every paragraph has been scrutinized to ensure that students are exposed to scientific content and concepts that are explained accurately and precisely, and in high-interest fashion that will draw students into their first study of nutrition science. Students will benefit from a carefully crafted text that brings them up-to-date scientific thinking and research blended with dynamic activities that will allow them to apply their knowledge to their own lives and future careers. Accompanying this text is a dynamic suite of digital tools that are integrated to a greater degree than those offered by any other publisher. Instructors will have the ability to assign auto-graded coursework and tutorials that are assessed against Learning Outcomes. The textbook content also serves as the basis for an adaptive, diagnostic self-learning tool for students that will help them acquire mastery and improved grades. Hot out of the oven, the first edition of *Perspectives in Nutrition: A Functional Approach* brings together the very best of print and digital technology in a single cohesive learning experience.

Users who purchase Connect Plus receive access to the full online ebook version of the textbook.
