## **Studies in Law, Politics and Society vol. 63** Austin Sarat

This volume of Studies in Law, Politics and Society brings together the work of scholars of several different generations and several different national contexts. The articles published here feature both cutting edge issues of major interest to policy makers and activists as well as those that address venerable issues in the interdisciplinary study of law.

They illuminate family law, the way law deals with children, international human rights, and the way law deals with injury and damages claims.
