A Lyrical Vision: The Musical Documents of the US Bishops (American Essays in Liturgy)

Edward Foley

A Lyrical Vision: The Musical Documents of the US Bishops (American Essays in Liturgy) Edward Foley

The publication of the US Bishops' document on music in the liturgy, *Sing to the Lord* (2007), has prompted Edward Foley to review the overall contribution of the Bishops to liturgical music since Vatican Council II. He explores the history and content of the US Bishops' three previous statements on music in worship:

The Place of Music in Eucharistic Celebrations
Music in Catholic Worship
Liturgical Music Today

In tracing this history, Foley illuminates the stages that led to *Sing to the Lord* and compares this most fully developed document with its predecessors. This concise history and analysis—illustrated with sets of comparative tables—will be a valuable resource for those who study, prepare, and lead music in Catholic worship in the United States.

Edward Foley, Capuchin, PhD, is Professor of Liturgy and Music, and founding Director of the Ecumenical Doctor of Ministry Program at Catholic Theological Union. He is author of *From Age to Age: How Christians Have Celebrated the Eucharist* (revised and expanded edition, Liturgical Press, 2008) and is coeditor of and contributor to *A Commentary on the General Instruction of the Roman Missal* (Liturgical Press, 2008).
