Fernán E. González González

Poder y violencia en Colombia (Colección Territorio, Poder y Conflicto) (Spanish Edition) Fernán E. González González

Obra declarada "fuera de concurso" en la categoría Ciencias Sociales y Humanas en los Premios Nacionales de Ciencias y Solidaridad (2015) de la Fundación Alejandro Ángel Escobar. "Poder y violencia en Colombia" es una aproximación a la relación de la violencia con el proceso de construcción del Estado a lo largo de nuestra historia, desde los tiempos coloniales hasta las negociaciones actuales en La Habana. Para ello, el autor combina la mirada sobre los problemas estructurales de larga duración con las concepciones y opciones subjetivas de los actores sociales que optan por la violencia. Esa combinación se enmarca en la interrelación entre los ámbitos de poder nacional, regional o local, que hace que la presencia de las instituciones estatales sea diferenciada según las particularidades de las unidades subnacionales y los distintos momentos de esas interacciones.
