After Legal Equality: Family, Sex, Kinship (Social Justice)

After Legal Equality: Family, Sex, Kinship (Social Justice)

Groups seeking legal equality often take a victory as the end of the line. Once judgment is granted or a law is passed, coalitions disband and life goes on in a new state of equality. Policy makers too may assume that a troublesome file is now closed. This collection arises from the urgent sense that law reforms driven by equality call for fresh lines of inquiry. In unintended ways, reforms may harm their intended beneficiaries. They may also worsen the disadvantage of other groups. Committed to tackling these important issues beyond the boundaries that often confine legal scholarship, this book pursues an interdisciplinary consideration of efforts to advance equality, as it explores the developments, challenges, and consequences that arise from law reforms aiming to deliver equality in the areas of sexuality, kinship, and family relations. With an international array of contributors, *After Legal Equality: Family, Sex, Kinship* will be an invaluable resource for those with interests in this area.
