Cómo dar clase a los que no quieren (GRAO - CASTELLANO) (Spanish Edition) Joan Vaello Orts

El secreto de enseñar no es tanto transmitir conocimientos como contagiar ganas, especialmente a los que no las tienen. Qué hacer con estos alumnos para integrarlos en la clase, o al menos conseguir que permitan trabajar a los que sí quieren, es el principal reto de las enseñanzas obligatorias, lo que pasa por la consecución de un clima favorable en el aula y en el centro mediante la creación de condiciones propicias que no se van a dar espontáneamente, sino que deben ser creadas por el profesor. Las propuestas que se sugieren en el libro parten de la consideración de la convivencia y el aprendizaje como dos facetas que forman parte de un único tronco común: la formación integral del alumno, que incluye el desarrollo de capacidades cognitivas (usualmente identificadas con el rendimiento académico), pero también de capacidades socioemocionales, tan frecuentemente ensalzadas en teoría como relegadas a un papel secundario en la práctica.
