La historia de la escritura (El Ojo del Tiempo) (Spanish Edition) Ewan Clayton

Desde las simples formas representativas que se usaban en el antiguo Egipto para registrar los trueques hasta los sofisticados recursos tipográficos disponibles en un ordenador del siglo XXI, podemos afirmar que los distintos periodos de la historia de la escritura conforman la historia de la civilización misma. En La historia de la escritura, Ewan Clayton analiza las distintas etapas de su evolución y explora el impacto social y cultural de cada una: la invención del alfabeto; la sustitución del rollo de papiro por el códice en la época tardorromana; el perfeccionamiento en el siglo XV de la imprenta que se vale de tipos móviles y la consiguiente extensión de la alfabetización; la industrialización de la imprenta durante la Revolución francesa; el impacto que tuvo en la palabra escrita el modernismo a principios del siglo XX, y los significativos cambios que la era digital ha supuesto en nuestros hábitos de escritura en el comienzo de este siglo.
