## **Arguing with Socrates: An Introduction to Plato's Shorter Dialogues** Christopher Warne

Ranging from the *Symposium* to the *Apology*, this is a concise but authoritative guide to the most important and widely studied of Plato's Socratic dialogues. Taking each of the major dialogues in turn, *Arguing with Socrates* encourages students to engage directly with the questions that Socrates raises and with their relevance to 21st century life. Along the way, the book draws on Socrates' thought to explore such questions as:

•

? What is virtue and can it be taught?

? Should we obey the law if we don't agree with it?

? Do brave people feel fear?

? Can we find truth in poetry?

•

*Arguing with Socrates* also includes an extensive introduction, providing an overview of the key themes of the dialogues, their political and cultural context and Socrates' philosophical method. Guides to further reading are also provided to help students take their studies further, making this an essential one-volume reference for anyone studying these foundational philosophical works.
