Das HWS-Trauma: Ursachen, Diagnose und Therapie (German Edition) Dr. Bodo Kuklinski

Jeder Arzt kennt diese Patienten:

Sie kommen immer wieder und berichten mit besorgter Stimme über Schmerzen hier und Herzstolpern da. Sie haben unerklärliche Kopfschmerzen, Schlafstörungen, Rückenschmerzen, sind schlapp und müde, ihre Augenringe und ihre fahle Gesichtshaut geben ihnen Recht. Auch mit dem Bauch ist etwas nicht in Ordnung und manchmal ist die Luft so knapp.

"Das HWS-Trauma ist die Ursache für viele chronische Krankheiten!" Diese These belegt Dr. Kuklinski in seinem aktuellen Buch beeindruckend:

Er stellt Grundlagen, Diagnostik und die weitreichenden Auswirkungen der geschädigten HWS ausführlich vor. In Fallbeispielen wird die Bedeutung des Genicks für die Gesundheit auf den Punkt gebracht.

Das Buch präsentiert sein neues und erfolgreiches Therapiekonzept und wendet sich damit an alle Therapeuten, die ihre Patienten wirklich ursächlich behandeln wollen. Trotz der Stofffülle und biochemischer Bezüge bleibt das Werk verständlich und leicht lesbar - auch nach einem anstrengenden Praxistag.
